The word jeans comes from 'de Nimes' after the first French city to produce this kind of material. Originally only used in workwear pants, jeans is now a material not only used for clothing but for all kinds of products. The Journalbooks notebooks is another example of how to use this fabric, giving the notebooks a contemporary look.

THE JEANS MATERIAL OFFERS A BEAUTIFUL CANVAS FOR A RANGE OF EXCITING DECORATION OPTIONS. A STYLISH WAY TO MAKE YOUR BRAND STAND OUT!

UMBRELLAS

A collection of approximately 12 umbrellas is fanned out diagonally across the frame, from the top-left towards the bottom-right. The umbrellas are in various colors: maroon, blue, yellow, grey, light blue, white, red, dark blue, green, and black. They are all closed, showing the pointed tips of their canopies. The background is a dark, textured surface, possibly concrete or stone, with a lighter, vertical strip visible near the top-left.
