

MEPAL

FOR ALL TIMES

NICE TO MEET YOU

Mepal is the smart, handy and innovative brand for at home and on the go. The products can be recognised by their well-thought-through solutions, functional and timeless appearance and contemporary design. Mepal ensures that enjoying important moments in life becomes easy.

Mepal has a strong track record in both innovation and design and has won numerous leading design awards. The majority of the Mepal products are made using 100% recyclable materials and most of the products are made in the Netherlands. Customers can re-order parts to extend the lifecycle of their products and the products themselves help reduce food waste **as it eliminates** and the usage of single-use packaging, such as plastic bags and single use cups and bottles.

Special highlights in the PF collection are the **Cirqula** multi-bowl and Lunch pot range. The **Cirqula** is an all-rounder in the kitchen with a complete circle of use. It can be used in the freezer, microwave (without the lid) and looks fantastic on the table. It is leakproof, BPA-free and made of indestructible material.

The Lunch pot is ideal for at home, on the road, at a picnic or during a day out and comes in different shapes and sizes.

MEPAL IN KEYPOINTS:
